The Client:

Chhattisgarh Infotech promotion Society (CHiPS) is the nodal agency and prime mover for propelling IT growth & implementation of the IT & e-Governance projects in the state of Chhattisgarh.

Business Requirement

mjunction received a mandate from CHiPS for the e-Procurement Project in Chhattisgarh whose vision was to enhance the efficiency and transparency in public procurement through the implementation of a comprehensive e-Procurement solution along with built in analytics to be used by all government organizations in the State, including the Public Sector Undertakings (PSUs).

The Business Challenge

- Emerging need of business intelligence (BI) to facilitate decision-making
- Integrated e-Procurement System instead of operating in silos
- End-to-end e-Procurement system for all the government and public sector entities
- Enable collaboration and optimized turn-around time

The Solution and Strategy adopted

- Integrated EPS with business intelligence to provide detailed data analysis to management
- Comprehensive dashboard for real-time monitoring of RFx status
- Streamlining procurement process by having one e-Procurement portal for all units
- Workflow management for better collaboration

Result and Achievements

- Seamless integration with legacy application of Chhattisgarh Government
- Customized Solution to address Govt. needs as per regulations
- Reduced carbon footprint (Paperless system)
- 15,000+ tenders per year, INR 50,000 Crores worth transactions
